

Request Relief from Requirements in NASA Directives

NRW -1400-109

Office of Safety and Mission Assurance

Requesting Responsible Office/Center:

Identification of Requirement

Directive ID, Requirement Paragraph Number, and Description:

NPR 1400.1H, section 5.2.3: For directives in coordination in the NODIS DMS, Responsible Offices may request up to three 30-day extensions on suspense dates. If the third 30-day extension has lapsed, the Responsible Office may request another extension for the amount of time that is realistically needed to publish the directive by submitting a

Scope (e.g., site, facility, operation, and/or activity) and duration of the request:

The Office of Safety and Mission Assurance requests a waiver (after receiving the third extension) until December 8, 2020 in order to submit the final signature package for NPR 8705.4A, Risk Classification for NASA Payloads.

Justification:

Describe the purpose/rationale for this request:

The current due date to submit the signature package to Directives Management is September 17, 2020. This waiver request considers the time necessary to receive formal concurrence decisions in NODIS from Goddard Space Flight Center, Marshall Space Flight Center, Human Exploration and Operations Mission Division, Science Mission Directorate, Office of the Chief Engineer, and the Space Technology Mission Directorate. In addition, this waiver request includes 30-days for the Office of General Counsel and Labor Relations to review before submitting the signature package to Directives Management.

Describe if application of the requirement conflicts with other requirements. If not, check here

There are no conflicts with other requirements.

Describe if the application of the requirement would not achieve, or is not necessary to achieve the underlining purpose of the requirement.

The application of the requirement does not impact the underlining purpose.

Describe the cost or schedule considerations related to the request. If none, check here

The newly requested date of December 8, 2020 to submit the final signature package to Directives Management considers the following schedule: subject matter experts propose resolutions to comments and provide redline draft NPR to the OSMA Directives Manager by September 14, 2020, OSMA Directives Manager completes the comment resolution verification and review of NPR by September 21, 2020, distribute revised documents to reviewing organizations by September 28, 2020 in order to receive final concurrence in NODIS by October 15, 2020, final review from the Office of General Counsel and Labor Relations between October 19, 2020 and November 19, 2020, OSMA

Describe the risks that will be incurred if the request is granted. If none, check here

No risks are anticipated.

Relief from Environment, Safety, Health, Security Requirements

Describe special circumstances that warrant granting the request.

There are no special circumstances when considering relief from the environment, safety, health, and security requirements.

Describe the actions that will be taken to ensure adequate safety and health and protection of the public, the workers, and the environment.

There are no special circumstances when considering relief from the environment, safety, health, and security requirements.
