NRW 2841-24

AUG - 4 2010

Reply to Attn of: Office of the Chief Information Officer

TO: Associate Administrator, Internal Controls and Management Systems

FROM: Chief Information Officer

SUBJECT: Request for Requirement Waiver for NPR 2841 Draft 2, Identity, Credential, and Access Management

In accordance with section 3.8.2 of the OICMS Directives Manager Desk Guide, the Office of the Chief Information Officer (OCIO) requests an additional 30 days of official review for NPR 2841 Draft 2, Identity, Credential, and Access Management.

Our office requests this waiver as there are substantial issues to be resolved before concurrence can be obtained from the Office of Human Capital Management, the Mission Support Directorate, and Marshall Space Flight Center.

The OICMS Directives Manager Desk Guide, section 3.2.1 states that *"the review period for NPDs is 20 calendar days and the review period for NPRs is 30 calendar days. NPDs must be coordinated in 60 calendar days from start to finish, and NPRs must be coordinated in 90 calendar days from start to finish."*

This directive will exceed this requirement. Currently, the directive has been in official review and disposition for 70 days, which includes a previously granted 30 day extension. The directive has yet to enter the executive review phase (Office of General Counsel and the Administrator's Suite).

I appreciate the courtesy and cooperation extended by your office during this process. Ms. Brenda Maxwell is the Directives Manager for the OCIO, and can be reached at 358-4616.

Linda Y. Cureton
