Office of Human Capital Management

TO: Assistant Administrator for Infrastructure and Administration  
THRU: Associate Administrator for Institutions and Management  
FROM: Assistant Administrator for Human Capital Management  
SUBJECT: NASA Interim Directive (NID): Management of Human Resources

With the establishment of the NASA Shared Services Center (NSSC), they need to have the same authorities that have been delegated to NASA Headquarters and other NASA Centers, including Component Facilities through NPD 3000.1A, Management of Human Resources, to ensure full utilization and development of NASA's human resources. Also, due to organizational changes that have occurred, we are also updating administrative changes to official titles that have occurred since the issuance of the last NPD 3000.1A.

Changes in the NPD are being made to NPD 3000.1A in Sections 2a., 5b(1)(b) and (c), 5b(2)(b) and adding Section 5b(4) and 5b(4)(a).

The NID shall be enforced for 1 year from the effective date of this memorandum, or until the release of the superseding NASA Policy Directive, which ever comes first.
