HQOWI Author: Q/Geoff Templeton

OSMA Staff Member Responsible for this HQOWI: Q/Fred Gregory

Customers for this HQOWI: Internal: NASA Administrator and AA/SMA

External: none

---

**Note:** For All OSMA intermediate and final outputs: page numbers, the date, and document owner will be marked on the document.
1. Purpose
The purpose of this Office of Safety and Mission Assurance (OSMA) Headquarters Office Work Instruction (HQOWI) is to document the process used to nominate and select the annual George M. Low (GML) Award winners. Appendix A of this HQOWI is an example of the annual GML Award Brochure containing the nomination responsibilities, format requirements, categories and classifications, eligibility requirements, milestone schedule, process participants, evaluation factors (criteria), and scoring guidelines. This HQOWI also specifies the Quality Records associated with the process.

2. Scope and Applicability
This OSMA HQOWI addresses the OSMA actions with the George M. Low (GML) Award. The HQOWI is applicable to the GML Program Manager and the AA/SMA who participate in the nomination, evaluation, and selection process for annual GML Award winners.

3. Definitions
3.1. **AA/SMA**: Associate Administrator for Safety and Mission Assurance.

3.2. **Center Quality Management Associates (QMA)**: Center personnel designated by Center Management to represent the Center in GML activities.

3.3. **Evaluation Factors**: The Evaluation Factors are the seven criteria that are used to evaluate and score GML Award nominees. (See Appendix A for Sample)

3.4. **GML Award**: The George M. Low (GML) Award is the premier quality and productivity award in the aerospace industry. The presentation of the award signifies NASA’s recognition that the award recipient has demonstrated excellence and outstanding achievements in quality and performance. The award is presented to NASA prime and subcontractors in both the large and the small business classifications and in both the product and the service categories.

3.5. **GML Award Panel of Judges**: The Panel of Judges is composed of the four Strategic Enterprise Associate Administrators and the Associate Administrator for Safety and Mission Assurance. The Panel of Judges selects the annual GML winners.

3.6. **GML Award Program Manager**: The GML Program Manager administers the program and acts as technical advisor to the Panel of Judges, the Validation Board, and the Strategic Enterprise Review Council.

3.7. **GML Award Validation Board**: Representatives from the four Strategic Enterprises, and individuals selected the Centers, who evaluate the semi-finalists, and select up to eight finalists to receive a site visit. The Board also recommends winners to the GML Award Panel of Judges.

3.8. **Strategic Enterprise**: As defined in NPD 1000.1: *NASA Strategic Plan*, there are four Strategic Enterprises within NASA: Human Exploration and Development of Space, Aero-Space Technology, Space Science and Earth Science.
3.9. **Strategic Enterprise GML Award Review Council**: Representatives from the Centers and the Strategic Enterprises screen the Center GML Award nominees and selects up to 12 semi-finalists.

4. **Reference Documents**

The documents listed in this section are used as reference materials for performing the processes covered by the Quality Management System (QMS). Since all NASA Headquarters Level 1 (QMS Manual) and level 2 (Headquarters Common Processes) documents are applicable to the QMS, they need not be listed in this Section unless specifically referenced in this OSMA HQOWI.

4.1. **NPD 1000.1**: *NASA Strategic Plan*

4.2. **NPG 3451.1**: *NASA Awards and Recognition Program (Appendix B)*

4.3. The annual GML Nomination Guidelines.

    NOTE: The 2000 GML Award Guidelines Document is included as an example in Appendix A.
5. Flowchart
6. Procedure

6.01 GML PM  Initiate Process:
Begins the process to select winners in the 1st Quarter of the calendar year.

6.02 GML PM  Develop and Publish GML Nomination Guidelines:
The GML PM reviews the guidelines and publicity information from the previous GML Award(s), updates for current cycle and sends to printer. Appendix A contains an example of the GML Nomination Guidelines. (Internal Customer Feedback)

6.03 GML PM  Initiate Call for Nominations:
Call for nominations is drafted and forwarded to AA/SMA for approval and signature. The call also includes a request for Validation Board Members.

6.04 AA/SMA  Send Call for Nominations:
AA/SMA sends the call for nominations to all Headquarters AA’s.

*The Strategic Enterprises will forward the Call on to their Centers and Programs for action. Center nominations are forwarded directly to the Strategic Enterprise Review Council.*

*The Strategic Enterprises and other Headquarters AAs obtain nominees which are returned to GML PML.*

6.05 GML PM  Advance Copy to Center QMAs:
The GML PM sends an advance of the Call for Nominations to the Center QMAs so that they may begin work.

6.06 GML PM  Receive HQ Nominations
Receive nominations from Headquarters AA’s who are not Strategic Enterprises. The GML PM ensures that nominations are complete in accordance with the published award guidelines and forwards them on to the GML Strategic Enterprise Review Council for continued processing. Strategic Enterprise nominations are brought directly to the GML Strategic Review Council by the Strategic Enterprise.

6.07 GML PM  Facilitate GML Award Processing
The GML PM works with each of the GML associated personnel (this includes the personnel listed in each group listed in Section 3 above) to ensure that the GML Award processing remains on schedule and within guidelines.

*GML Strategic Enterprise Review Council evaluates and scores the nominations and selects up to 12 semi-finalists who are referred to the GML Validation Board.*
6.08 GML PM  Update Semi-Finalist Data:
The GML PM sends a letter to each Semi-Finalist informing them that they are a semi-finalist and requesting that they update their nomination information and resubmit to the GML PM. After the updated information is received, it is forwarded to the GML Validation Board.

_Validation Board meets and reviews nominations and selects up to eight finalists for further review and a site visit._

6.09 GML PM  Set-up Site Visits
The GML PM arranges Validation Board site visits to the finalists. During the site visits, the GML PM participates as the technical consultant to the Validation Board.

_The Validation Board visits each of the Finalists and prepares a recommendation on each Finalist as. Validation board forwards the recommendations to the GML PM._

6.10 GML PM  Support Site Visits
The GML PM creates a workbook of Validation Board findings. The workbook is given to the Panel of Judges.

6.11 AA/SMA  Judges Select Winners
AA/SMA calls a meeting of the GML Panel of Judges to select up to four winners. The GML PM works with the GML Panel of Judges and the NASA Administrator to facilitate selection of winners. The GML PM drafts a letter for the AA/SMA (as Chair of the Judges) to request the NASA Administrator’s concurrence on selected winners. The AA/SMA forwards the panel’s selections to the NASA Administrator for final approval.

_The NASA Administrator reviews the selections by the Panel of Judges and approves the final selection of the GML Award winners. At an appropriate time, the NASA Administrator presents the GML Award trophies to the winners. In the past few years, the awards have been presented at the NASA Continual Improvement Conference in April. The Continual Improvement Conference press releases (done by NASA HQ Office of Public Affairs) will document the presentation of the GML Awards. This is out of scope for this process. (Internal Customer Feedback)._
